LEXUS LUXURY CARE

PREPAID MAINTENANCE

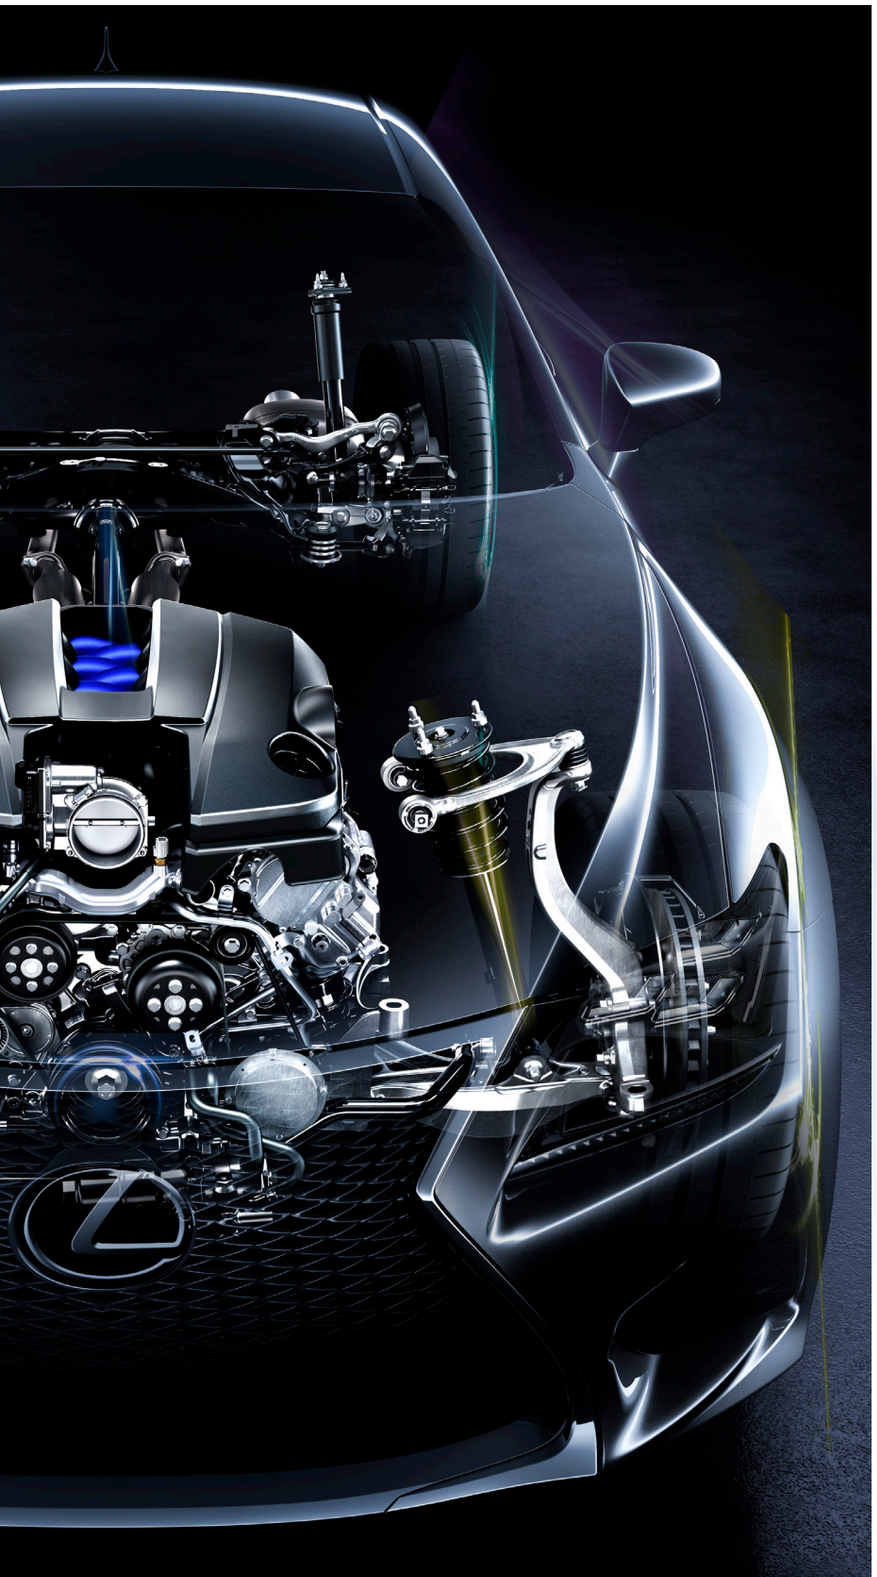
LEXUS FINANCIAL SERVICES

LEXUS LUXURY CARE IS SERVICE THAT FITS YOUR LIFESTYLE.



Few things are as satisfying as being behind the wheel of a Lexus. Servicing your Lexus regularly is one of the best ways to keep it at peak performance.

With Lexus Luxury Care[1] offered by Lexus Financial Services, you can benefit by pre-paying for a regularly scheduled maintenance plan, helping to insulate yourself from the potential rising costs of covered services.

It helps eliminate the need to arrange payments for factory-recommended maintenance covered under your plan, and since service reminders are provided there is no need to track covered service schedules.[2]

HOW LEXUS LUXURY CARE WORKS

Select the plan and payment option that fits your lifestyle.

Receive service reminders customized to your personal driving habits and enjoy Lexus personalized attention.

Simply present your Lexus Luxury Care card when you arrive for your covered maintenance service at your participating Lexus dealership.

Factory-trained technicians perform scheduled maintenance for each mileage interval under your Lexus Luxury Care plan.

You'll receive a detailed Service History Report at the end of your coverage term confirming that your Lexus was maintained with professional Lexus care.

If you decide to sell your Lexus to a private party in the future, Lexus Luxury Care is transferable ($50 transfer fee applies).

1 Lexus Luxury Care covered services available at participating Lexus dealerships.

2 To maintain the high performance of your vehicle, your dealer may recommend maintenance and/or other services in addition to those listed in the Scheduled Maintenance Log. These additional services are not covered under Lexus Luxury Care. Please refer to the Lexus Luxury Care Agreement which sets out the time and mileage coverage, exclusions and limitations. The agreement may vary by the vehicle model and according to the plan purchased.

WHAT IS COVERED

- Service intervals occur every 5,000 miles[4] or every 6 months, whichever occurs first during the term of the plan
