CAR DOORS

what is dent protect?

No one loves your car more than you. That's why the first door ding you get on a new vehicle is almost heartbreaking. Dent Protect will take care of those small dents and door dings through the paintless dent repair (PDR) process. The innovative PDR process uses specialized hand tools to manipulate and flex metal back to its original form. And, you won't have to deal with time-consuming and expensive body shop repairs. You can rest easy that a shopping cart, car door, or an honest accident won't ruin your day.

Make dents & door dings a thing of the past with Dent Protect.

benefits of dent protect.

- Removes minor dents and dings*
- No sanding, painting, or body fillers
- Works from behind the vehicle's exterior
- Developed by auto manufacturers
