Cadillac

ESCALADE

2019

There are things in life that are so forceful, influential and powerful, that you have no choice but to be pulled toward them.
You instantly become aware, awed and attracted.
Frozen where you stand, there is no turning away.
A vision that is boldly illuminated.
With inspired space and movement.
Brilliance that grips you and the road.
That's the power of presence and the original iconic SUV.

THE 2019 ESCALADE

THE ONE AND ONLY ESCALADE

For 20 years, the Escalade has led automotive design, with opulence and function fit for only the grandest stage. From a striking design aesthetic, to a comfortable and accommodating cabin that is as spacious as it is versatile, the 2019 Escalade offers nothing but the best.

To fully appreciate the best in craftsmanship, innovation, utility and performance, look no further than the Escalade Platinum. Distinctive exterior design elements, such as the bold Platinum grille with Galvano chrome, are an example of standout design. Others include 22" premium painted wheels featuring chrome inserts that are sure to grab attention. When you step inside, you'll see tremendous space and a range of amenities that offer everything from a hand-stitched steering wheel to cutting-edge technologies.

Escalade Platinum in Crystal White Tricoat. Shown with available equipment.

Utility disguised as elegance. With the touch of a button, power-folding third-row seats quickly disappear to yield up to 120 cu. ft.[1] of maximum cargo space in the Escalade ESV.

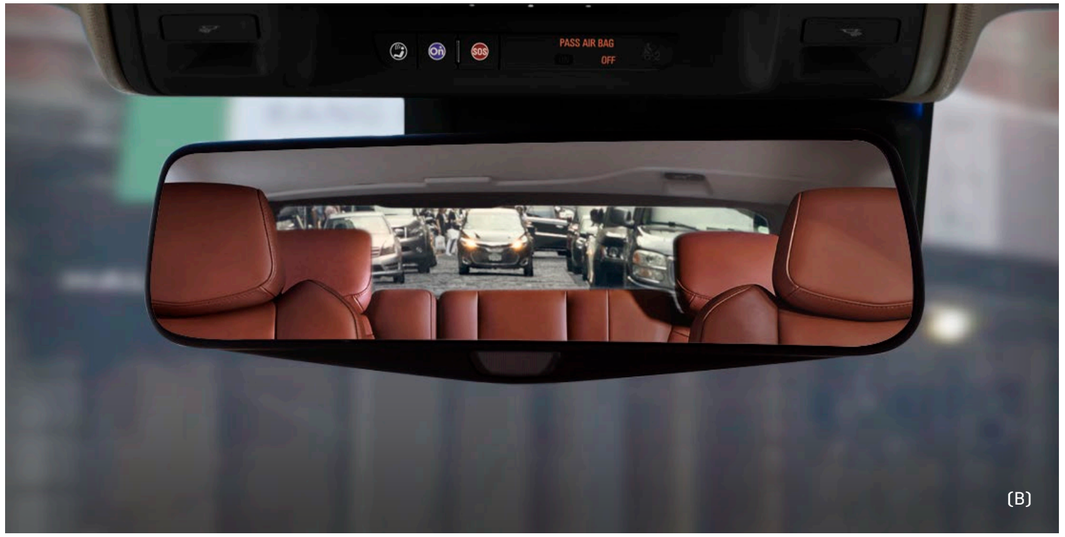
1. Cargo and load capacity limited by weight and distribution. Maximum cargo space achieved with second and third rows folded down.

A brilliant vision. Cadillac signature headlamps are composed of five crystals, fully stacked with all-LED technology to generate a crisp white light. Available LED Cornering Lamps project light into curves when the vehicle is turning.

A GRAND REASON TO BE OBSESSED WITH DETAILS

Crafted with care and precision, you can choose from trims and leather appointments that meet with flawless seams and peerless stitching. These materials have been painstakingly curated to work together beautifully—so, whether you grip the hand-finished Turin leather steering wheel or sit in the available Kona Brown seats, you're surrounded with elegance.

Escalade Premium Luxury interior in Kona Brown. Shown with available equipment.



More field of view to admire. The available Rear Camera Mirror[1] can stream video through the rearview mirror. This less-obstructed view offers the driver more field of view than the conventional rearview mirror, but can revert to the standard view with just a toggle.

You can clearly see the additional visibility and expanded view of what is directly behind the vehicle with the Rear Camera Mirror (A) compared with the traditional rearview mirror (B).

1. Read the vehicle Owner's Manual for important feature limitations and information.

A PRESENCE IMPOSSIBLE TO IGNORE

The exterior design of the Cadillac Escalade never goes unnoticed. As you walk toward this formidable SUV, you'll instantly notice a striking grille framed perfectly with stunning headlamps. The available Platinum grille conveys chic design with a bold Galvano chrome finish. Touch the available Illuminating Door Handles and impressive style is met with a soft glow to help improve visibility.

Walk around the Escalade and notice stunning available 22" premium painted wheels featuring chrome inserts that are sure to grab attention. These wheels are cast in a flow-forming process that saves weight, adds strength and looks striking.

As you approach the rear of the vehicle, Light Blades slice through typical automotive design. Each innovatively engineered LED in both Light Blade taillamps delivers bright illumination along with a statement. What you won't see is the Invisible Rear Wiper. It is concealed when not in use—protecting it from the elements, while preserving the vehicle's clean design lines.

AVAILABLE PREMIUM WHEELS

Top left: Full LED headlamps. Top: Escalade Platinum in Black Raven with 22" premium painted wheels with chrome inserts. Bottom: Shadow Metallic paint; Light Blade taillamps. Both top and bottom vehicles shown with available equipment.

A variety of features transform the cabin into that rare place where tranquility, comfort and entertainment go hand in hand. Acoustic front glass, triple-sealed inset doors and Bose® Active Noise Cancellation work to create the Escalade's extraordinarily quiet interior, while a captivating 16-speaker Bose Centerpoint® Surround Sound system is a pleasure to hear. Equally entertaining is the available Rear Seat Entertainment (RSE) System. It features a 9" diagonal screen, Blu-ray™ playback, MP3 capability and two wireless headphones, as well as HDMI and USB[1] ports.

Tri-Zone Climate Control allows the driver, front passenger and rear passengers to adjust temperatures individually. This emphasis on individual control and comfort extends to power-adjustable pedals, as well as a function-rich, power-tilt and -telescoping heated steering wheel. And should individuals require even more space, the Escalade ESV offers additional leg room, seating and larger doors to easily accommodate up to eight passengers.

1. Not compatible with all devices.

Top left: Exceptional materials. Bottom left: 16-speaker Bose Centerpoint Surround Sound system. Bottom right: Spacious interior. Above: Rear Seat Entertainment System.

With stunning conveniences and sublime comforts, this cabin is perfect. Amenities such as heated front and rear outboard seats, as well as front seats that cool, are only the beginning.

For Escalade Platinum second- and third-row passengers, the Rear Seat Entertainment (RSE) System features dual screens in the front head restraints, while tri-play capability allows each screen to play different content with the available overhead screen.

The Escalade Platinum multidirectional massaging front seats also adjust 18 ways. Semi-Aniline leather makes the first- and second-row seating surfaces, as well as the leather-wrapped steering wheel and instrument panel, supple yet resistant to wear. Sueded microfiber headliners and door trim, along with exclusive wood accents, complete the cabin.

Select safety features shown.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense forward and reverse collisions and automatically engage the brakes, helping to reduce the crash impact.

TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent, while the available Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

AN INTELLIGENT WIPER

Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever the wipers are activated, Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

FIRMLY REASSURING

During emergency braking or sudden maneuvers, available Automatic Seat Belt Tightening activates. When conditions revert to normal, the belts ease automatically.

TRAVEL THE STRAIGHT AND SMART

Using monitors to sense lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

AN ATTENTION-GRABBER

Available Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

SEE WHAT LIES BEHIND

The Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guidelines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

GRABS YOUR ATTENTION. SUBTLY.

Cadillac's available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat—left, right, front or rear.

SET YOUR SPACE

Available Adaptive Cruise Control–Advanced employs radar technology to maintain a selected distance between you and the detected vehicle ahead.

BE ALERTED EVEN IN REVERSE

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle with either an audible alert or a pulse to the available Safety Alert Seat.

A HIGHER LOOK AT WHAT SURROUNDS YOU

Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for important feature limitations and information.

The Escalade is complete with advanced technologies that grip you and the road. Features such as Keyless Access connect you to your vehicle, enabling you to open or lock the doors, and use the Push-Button Start feature, without removing the key fob from your pocket or handbag. With the Adaptive Remote Start system, the key fob can start your engine up to 100 yards away, and the system will automatically adjust the vehicle's interior temperature depending on the outside temperature. Inside, you can power up and charge your mobile devices with Wireless Charging[1] capabilities.

The available Cadillac 4G LTE built-in Wi-Fi®[2] hotspot allows you to connect up to seven devices, up to 50 feet away, so passengers can access their favorite content while traveling. Plus, with the available myCadillac mobile app[3] and a paid subscription, you can lock and unlock, remote-start and get select vehicle information from anywhere you have cellular reception.

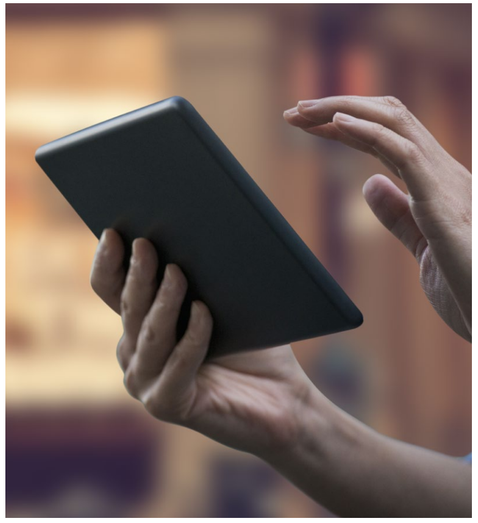
100

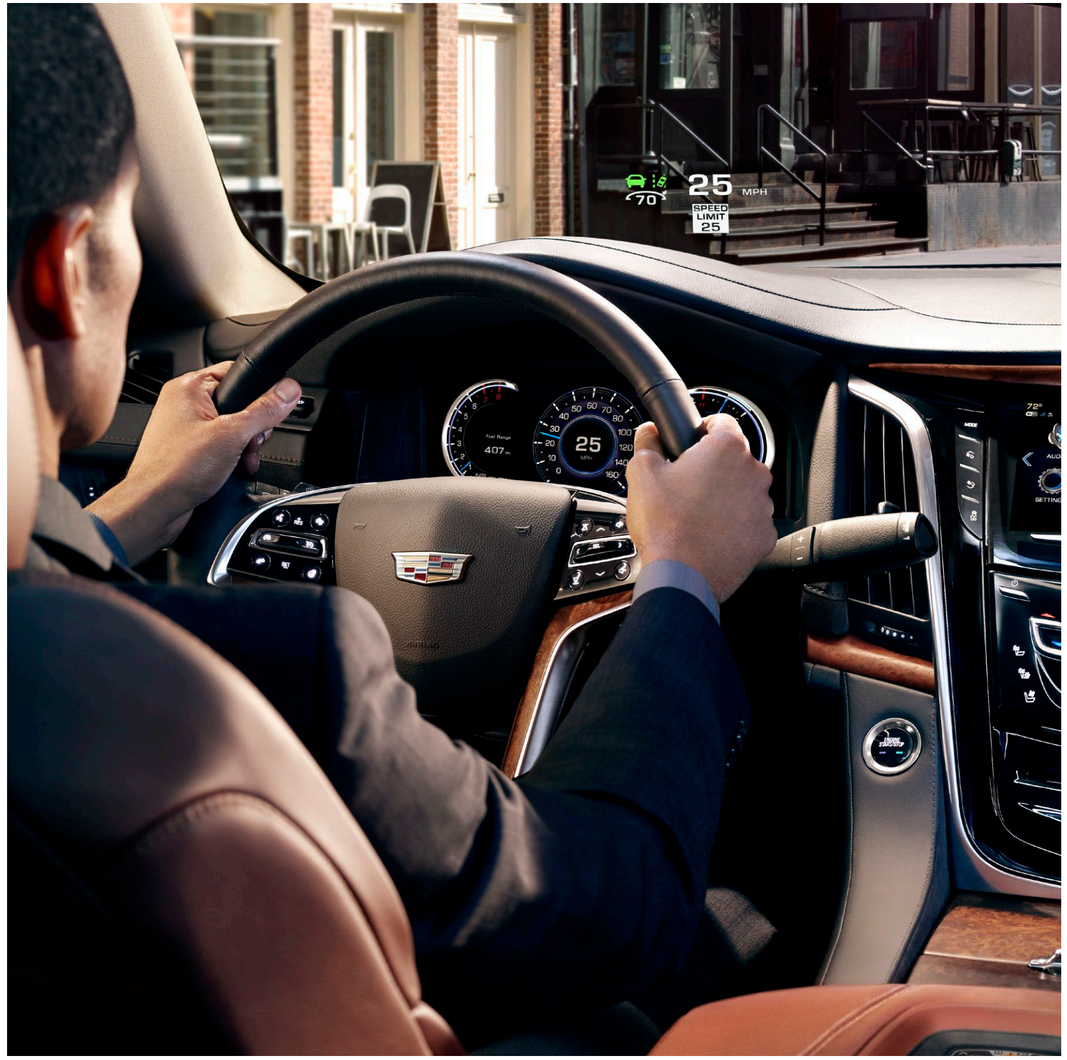
START YOUR VEHICLE UP TO 100 YARDS AWAY WITH REMOTE START

7

UP TO SEVEN CONNECTED DEVICES CAN ACCESS THE AVAILABLE WI-FI[2]

1. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require an adapter/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier. **2.** Service varies with conditions and location. Requires active OnStar service and data plan. Data plans provided by AT&T.® Vehicle must be on or in the accessory position for Wi-Fi to function. Visit onstar.com for details. **3.** Available on select Apple® and Android™ devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan you are enrolled in. Device data connection required. Visit onstar.com for more details.





Technologies can also feed you information while you keep your eyes on the road. The available Head-Up Display (HUD) projects selected information onto the windshield, allowing you to keep your eyes on the road. And a reconfigurable 12.3" LCD gauge cluster lets you choose how you want to see vehicle, entertainment, communication and navigation information.

Surround Vision[1] provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

And lastly, you can park a little easier with Automatic Parking Assist.[1] It steers the Escalade to help you park in parallel and perpendicular spaces while you select the gears and control acceleration and braking.

12.3"

4

VIEW MODES WITH AVAILABLE HEAD-UP DISPLAY

1. Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Left: Head-Up Display. Above: Automatic Parking Assist.

REMARKABLY LIGHT ON ITS FEET

The Escalade combines dynamic performance and poised handling. Look forward to a nimble, yet powerful drive every time you sit behind the wheel.

The 6.2L 420-hp V8 is paired with an intelligent 10-speed automatic transmission that moves between gears in a smooth, efficient fashion. Engine technologies such as Continuous Variable Valve Timing, Direct Injection and Active Fuel Management also help ensure this power plant's 460 lb-ft of torque is harnessed efficiently.

Available Four-Wheel Drive allows you to select from among AUTO mode, 2WD and 4WD HI for everyday driving or 4WD LOW for more challenging conditions. While the standard Trailering Package provides an 8300-lb maximum trailering[1] capacity, that's more than enough to handle your experiences.

The Escalade wouldn't drive like a Cadillac if it didn't also apply proprietary technology such as Magnetic Ride Control. It reads the road up to 1000 times a second and automatically adjusts the suspension to the road conditions. The result is a highly responsive drive.

Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active service, email address on file and enrollment in Vehicle Diagnostics. Not all issues will deliver alerts. On-Demand Diagnostics requires a paid service plan. **7.** Visit onstar.com for coverage map, details and system limitations. Services vary by model. Service plan required. **8.** Map coverage available in the United States, Puerto Rico and Canada. **9.** If you decide to continue service after your trial, your selected subscription plan will automatically renew thereafter. You will be charged at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. ©2018 SiriusXM Radio, Inc. All rights reserved. **10.** A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **11.** Service varies with conditions and location. Requires active OnStar service and data plan. Data plans provided by AT&T.® Vehicle must be on or in the accessory position for Wi-Fi to function. Visit onstar.com for details. **12.** Visit onstar.com for system limitations and details. OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. **13.** Read the vehicle Owner's Manual for important feature limitations and information.

OWNER BENEFITS

Our owners deserve it all. That's why 2019 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit **cadillac.com/ownership/benefits**.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR AND CADILLAC CONNECTED SERVICES

Connected vehicle services require a paid connected vehicle services plan or trial, connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Effective May 1, 2018, available Cadillac Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Visit onstar.com for coverage map, details and system limitations.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to cadillac.com and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large-SUV segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.

GMMOBILITY.COM (1-800-323-9935)

GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

NEW-VEHICLE LIMITED WARRANTY

6-YEAR/70,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2019 Cadillac comes with a 6-year/70,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Cadillac dealer for details.

4-YEAR/50,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Cadillac will warrant each 2019 vehicle from bumper to bumper for 4 years/50,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first; see dealer for details).

HYBRID WARRANTY

In addition to the Bumper-to-Bumper coverage, General Motors will warrant certain Hybrid components for 8 years or 100,000 miles, whichever comes first, from the original in-service date of the vehicle against warrantable repairs to the specific Hybrid components of the vehicle. For Hybrid owners requiring more comprehensive coverage than that provided under this Hybrid warranty, a GM Protection Plan may be available. See your Cadillac dealer for more details.
